## Funny face

### You will need ....

- A square of paper
- Colouring pens

### What you do ...

- Lay the square of paper flat and fold the four corners in to the centre
- Turn the paper over and fold the four new corners in to the centre again
- Fold the shape in half and put your fingers under the four flaps and pull them out
- By placing your two thumbs in the bottom two flaps and your two first fingers in the top flaps, you can make the face open and close its mouth.
- Draw eyes, nose and hair on your funny face.
- Colour the middle of the folded paper to form the inside of the mouth.
- Your funny face is ready for action.
